Managing Director reported \$1.4 million has been allocated to Alcona County under the RTF and Small Urban Road funding sources; Cedar Lake Road would be in the June letting and will use Small Urban funding; Mt. Maria Road and F-41 will see funding under the RTF.

The Potters reported concern with the payloader operating at 5 a.m. to clear ice from the parking lot; the fence is nice, but does not create privacy—they can still see the equipment parked in the Road Commission yard; there are gaps under the fence that should be filled when practical; the culvert carrying runoff from the employee parking lot is inadequate; and they were told no trucks would be using the employee parking lot.

Harvey asked about the increase in road funding. Managing Director reported the increase is estimated to go from \$2.5 million to \$3.1 in 2017, \$3.3 for 2018, and \$3.5 in 2019.

There being no further business to come before the Board, the meeting was adjourned at 5:45 p.m. at the call of the Chair until the next meeting on January 25, 2017.
