**INDEPENDENT AUDITOR'S REPORT**

Board of County Road Commissioners  
Alcona County Road Commission  
301 N. Lake Street  
Lincoln, MI 48742

***Report on the Audit of the Financial Statements***

***Opinions***

We have audited the accompanying financial statements of the governmental activities, major fund and the aggregate remaining fund information of the Alcona County Road Commission (a component unit of Alcona County, Michigan) as of and for the year ended December 31, 2021, and related notes to the financial statements, which collectively comprise the Alcona County Road Commission's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, major fund and the aggregate remaining fund information of the Alcona County Road Commission, as of December 31, 2021, and the respective changes in financial position, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Alcona County Road Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alcona County Road Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedure that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Alcona County Road Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Alcona County Road Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, employee retirement and benefit systems, and budgetary comparison information on pages 4 through 8, pages 30 through 31 and pages 32 through 33 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Alcona County Road Commission's basic financial statements. The analysis schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standard generally accepted in the United States of America. In our opinion, the analysis schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2022 on our consideration of the Alcona County Road Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Alcona County Road Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Alcona County Road Commission's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis**

---

### Using This Annual Report

The Alcona County Road Commission's Management's Discussion and Analysis is designed to: (a) assist the reader in focusing on significant financial issues; (b) provide an overview of the Road Commission's financial activity; (c) identify changes in the Road Commission's financial position (its ability to address the next and subsequent year challenges); (d) identify any material deviations from the approved budget; and (e) identify any issues or concerns.

### Reporting the Road Commission as a Whole

The statement of net position and the statement of activities report information about the Road Commission as a whole and about its activities in a way that helps answer the question of whether the Road Commission as a whole is better off or worse off as of a result of the year's activities. These statements include all assets, liabilities and deferred inflows using the accrual basis of accounting, which is similar to the accounting method, used by most private-sector companies. All of the year's revenues and expenses are taken into account regardless of when cash is received or paid.

The two statements mentioned above, report the Road Commission's net position and the changes in them. The reader can think of the Road Commission's net position (the difference between assets, liabilities and deferred inflows) as one way to measure the Road Commission's financial health or financial position. Over time, increases or decreases in the Road Commission's net position are one indicator of whether its financial health is improving or deteriorating.

### Reporting the Road Commission's Major Fund

Our analysis of the Road Commission's major fund begins on page 11. The Road Commission currently has two funds, the general operations fund and pension trust fund, in which all of the Road Commission's activities are accounted. The general operations fund is a governmental fund type.

- Governmental funds focus on how money flows into and out of this fund and the balances left at year end that are available for spending. This fund is reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Road Commission's general governmental operations and the basic service it provides. Governmental fund information helps the reader to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Road Commission's services. We describe the relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and the governmental fund in a reconciliation following the fund financial statements.
- Fiduciary fund – The Road Commission is trustee, or fiduciary, for its employees' pension plans. The Road Commission is responsible for ensuring that the assets reported in the fiduciary funds are used for their intended purposes. All of the Road Commission's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the Road Commission's government-wide financial statements because the Road Commission cannot use these assets to finance its operations.

**The Road Commission as a Whole**

The Road Commission’s net position increased 7.72% from \$32,627,358 to \$35,146,695 for the year ended December 31, 2021. The net position and change in net position are summarized below.

It is important for the reader to realize that the increase in net position is largely a result of the Road Commission reporting infrastructure assets from prior years and the current year in accordance with Government Accounting Standards Board (GASB) Statement Number 34.

Net position as of the year ended December 31, 2020 and 2021 are as follows:

	Governmental Activities <u>2020</u>	Governmental Activities <u>2021</u>
Current Assets	\$ 7,184,483	\$ 7,390,149
Capital Assets	<u>26,717,418</u>	<u>28,998,735</u>
Total Assets	<u>33,901,901</u>	<u>36,388,884</u>
Deferred Outflows of Resources	<u>7,173</u>	<u>8,635</u>
Current Liabilities	434,248	497,378
Noncurrent Liabilities	<u>693,804</u>	<u>751,984</u>
Total Liabilities	<u>1,128,052</u>	<u>1,249,362</u>

Net Equipment Expense	212,950	231,129
Net Administrative Expense	329,472	326,375
Interest Expense and Other	<u>1,349,721</u>	<u>1,615,676</u>
Total Expenses	<u>4,450,407</u>	<u>4,846,749</u>
Changes in Net Position	2,130,568	2,519,337
Net Position – Beginning	<u>30,496,790</u>	<u>32,627,358</u>
Net Position – Ending	<u>\$ 32,627,358</u>	<u>\$ 35,146,695</u>

**The Road Commission's Fund**

The Road Commission's general operations fund is used to control the expenditures of Michigan Transportation Fund monies distributed to the County which are earmarked by law for road and highway purposes only.

For the year ended December 31, 2021, the fund balance as listed on page 13 of the general operations fund increased by \$298,236 as compared to an increase of \$397,657 in the fund balance for the prior year. Total revenues were 7,366,086, an increase of \$785,111 as compared to last year. This change in revenues resulted primarily from an increase in State and Local unit sources.

Total expenditures were \$7,067,850, an increase of \$884,532 as compared to last year. This change in expenditures is primarily due to an increase in primary road preservation and maintenance expenditures.

**Budgetary Highlights**

Prior to the beginning of any year, the Road Commission’s budget is compiled based upon certain assumptions and facts available at that time. During the year, the Road Commission Board acts to amend its budget to reflect changes in these original assumptions, facts and/or economic conditions that were unknown at the time the original budget was compiled. In addition, by policy, the board reviews and authorizes large expenditures when requested throughout the year.

The revenue budget for 2021 was less than the actual receipts. Major improvements to county roads are undertaken on a cost participation basis with Alcona County’s eleven (11) townships. However, in setting the budget it is difficult to project what projects townships may wish to pursue in the coming year.

Road Commission expenditures were projected at \$7,781,880 while actual expenditures were \$7,067,850. This resulted in total expenditures under the total budget.

**Capital Assets and Debt Administration**

Capital Assets

As of December 31, 2020 and 2021, the Road Commission had the following amounts invested in capital assets:

	<u>2020</u>	<u>2021</u>
Capital Assets Not Being Depreciated		
Land and Improvements	\$ 8,341,154	\$ 8,458,059
Other Capital Assets		
Buildings and Improvements	2,576,836	2,636,219
Road Equipment	7,577,495	8,215,617
Other Equipment	187,635	187,635
Depletable Assets	95,995	95,995
Infrastructure and Improvements	<u>21,763,221</u>	<u>24,742,414</u>
Total Capital Assets at Historic Cost	<u>32,201,182</u>	<u>35,877,880</u>
Total Accumulated Depreciation	<u>(13,824,918)</u>	<u>(15,337,204)</u>
Total Net Capital Assets	<u>\$ 26,717,418</u>	<u>\$ 28,998,735</u>

Prior and current year’s major additions included the following:

	<u>2020</u>	<u>2021</u>
Various Resurfacing Projects/Bridges	\$ 2,863,120	\$ 3,733,835
Trucks/Equipment/Buildings	<u>\$ 1,046,373</u>	<u>\$ 934,082</u>

## Debt Administration

The Road Commission currently has long-term debt in the amount of \$288,582 which represents vested employee benefits. The Road Commission also has \$483,871 in debt due which represents installment purchase agreements for heavy equipment. The Road Commission paid \$33,295 toward its installment agreements during fiscal 2021. The net pension liability for fiscal 2021 was \$14,862.

## **Economic Factors and Next Year's Budget**

The Board of County Road Commissioners considered many factors when setting the fiscal year 2022 budget. One of the factors is the economy. The Road Commission derives approximately 70% of its revenues from the Michigan Transportation Fund or MTF. The MTF consists of state collected fuel taxes and vehicle registration fees. The portion of MTF that is distributed to county road commissions by the State of Michigan is based on such factors as mileage and population. Because of its limited population, Alcona County ranks 72<sup>nd</sup> of 83 counties in Michigan in MTF fund allocations. The continuing economic growth has resulted in more consumption of fuel; consequently, more Michigan Transportation Funds are available for distribution.

The Board realizes, and the reader should understand, that there are not sufficient funds available to repair and/or rebuild every road in Alcona County's 727-mile transportation system. Therefore, the Board attempts to manage the public's money wisely and equitably and in the best interest of the motoring public and the citizens of the County.

Ongoing stagnant revenues and increasing costs continue to compel conservative spending patterns where ever possible and vigilant efforts to be innovative and resourceful are made to ensure the least impact to services provided.

## **Contacting the Road Commission's Financial Management**

This financial report is designed to provide the motoring public, citizens and other interested parties a general overview of the Road Commission's finances and to show the Road Commission's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Alcona County Road Commission administrative offices at 301 N. Lake Street, P.O. Box 40, Lincoln, Michigan 48742, by phone 989-736-8168, or by email at [roads@alconacrc.com](mailto:roads@alconacrc.com).

## Alcona County Road Commission

### Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balance of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2021

**Net Change in Fund Balance - Total Governmental Funds** \$ 298,236

Amounts reported for governmental activities in the statements are different because:

Governmental funds report capital outlays and infrastructure improvements as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation and equipment retirements in the current period. 2,281,317

Installment proceeds provide current financial resources in governmental funds and increases liabilities in the statement of net position. Repayment of notes payable is an expenditure in governmental funds, but reduces the long-term liabilities in the statement of net position. 33,295

Change in vested employee benefits and pensions recognized as an expense in the statement of activities. (93,511)

**Net Change in Net Position of Governmental Activities** \$ 2,519,337

## **Notes to Financial Statements**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Alcona County Road Commission conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by the Alcona County Road Commission.

**A. Reporting Entity**

The adoption of a county road system was authorized by Act 283 of 1909 (MCL 224.1). On June 24th, 1919, the Board of Supervisors for Alcona County adopted a resolution for a special election on August 28th to decide "Shall the County Road System be adopted by the County of Alcona." On August 28th, 1919, voters of Alcona County approved adoption of the County Road System on a vote of 589 yes and 322 no. The first Board of Road Commissioners was appointed by the Board of Supervisors on October 15th, 1919. The County Road Commission operates under a Board of County Road Commissioners of three (3) members which appoints a manager/engineer to administer the county road system. The Board of County Road Commissioners is elected biannually for the full term of six (6) years. The Road Commission services public roads throughout the County of Alcona, Michigan. The Road Commission may not issue debt without the County's approval and property tax levies are subject to County Board of Commissioner's approval.

The criteria established by the Governmental Accounting Standards Board (GASB) Statement No. 61 "The Financial Reporting Entity," as amended, for determining the reporting entity, includes oversight responsibility, fiscal dependency and whether the financial statements would be misleading if the component unit data were not included. Based on the above criteria, these financial statements present the Alcona County Road Commission, as a discretely presented component unit of Alcona County.

The Road Commission Operating Fund is used to control the expenditures of Michigan Transportation Fund moneys distributed to the County, which are earmarked by law for street and highway purposes. The Board of County Road Commissioners is responsible for the administration of the Road Commission Operating Fund.

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Alcona County Road Commission. There is only one major fund reported in the government-wide financial statements.

The Statement of Net Position presents the Road Commission's assets and liabilities with the difference being reported as either invested in capital assets or unrestricted net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenue.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Separate financial statements are provided for the operating fund (governmental fund) and pension trust fund. The operating fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. Major individual governmental funds are reported as separate columns in the fund financial statements. The operating fund is the only major fund of the Road Commission. The Pension Trust Funds are a fiduciary fund which accounts for monies held on behalf of employees who participate in the defined contribution and defined benefit pension plans under the accrual basis of accounting.

**C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to vested employee benefits and claims and judgments, are recorded only when payment is due.

Michigan transportation funds, grants, permits, township contributions and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenue of the current fiscal period. All other revenue items are considered to be available only when cash is received by the government. Under the terms of grant agreements, the Road Commission funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Road Commission's policy to first apply cost-reimbursement restricted grant resources to such programs, followed by categorical block grants, and then by general unrestricted revenues.

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance****Cash, Equivalents and Investments**

Cash and equivalents are considered to be cash on hand, demand deposits and short-term investments with a maturity of three months or less when acquired. All deposits are recorded at cost. Investments are recorded at fair value.

**Inventories**

Inventories are priced at cost as determined on the average unit cost method. Inventory items are charged to road construction and maintenance, equipment repairs and operations as used.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Capital Assets

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., roads, bridges and similar items), are reported in the operating fund in the government-wide financial statements. Capital assets are defined by Alcona County Road Commission as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost of purchase or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Depreciation

Depreciation is computed on the sum-of-the-years'-digits method for road equipment and straight-line method for all other assets. The depreciation rates are designed to amortize the cost of the assets over their estimated useful lives as follows:

Land Improvements	3 to 20 years
Buildings	30 to 50 years
Road Equipment	5 to 8 years
Shop Equipment	10 years
Engineers' Equipment	4 to 10 years
Office Equipment	4 to 10 years
Infrastructure – Roads	8 to 30 years
Infrastructure – Bridges	12 to 50 years

Deferred Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Road Commission has pension items that qualify for reporting in this category.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Road Commission has pension items that qualify for reporting in this category.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Road Commission is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The Road Commission has classified Inventories as being Nonspendable as these items are not expected to be converted to cash within the next year.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Road Commission. These amounts cannot be used for any other purpose unless the Road Commission removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Road Commission has committed vested employee benefits.
- Assigned: This classification includes amounts that are constrained by the Road Commission's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Road Commission through the budgetary process. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund.
- Unassigned: This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

The Road Commission would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, outflows, liabilities, and inflows and affect the disclosure of contingent assets and liabilities at the date of the financial statements. These estimates and assumptions also affect the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

**NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

Budgetary Procedures

Budgetary procedures are established pursuant to PA 621 of 1978, as amended, (MCL 141.421) which requires the County Board of Road Commissioners to approve a budget for the County Road Fund. The Road Commission’s Chief Administrative Officer (manager) and fiscal officer prepare and submit a proposed operating budget to the Board of Road Commissioners for its review and consideration. The Board conducts a public budget hearing and subsequently adopts an operating budget. The Board has authorized the Chief Administrative Officer to amend the Road Commission budget when necessary, without increasing the overall budget, by transferring up to 25 percent from one-line item to another. The operating fund budget is prepared on the modified accrual basis of accounting, which is the same basis as the financial statements. All budgeted appropriations lapse at year end. Violations of the Act are reported on page 33.

**NOTE 3 - CASH AND EQUIVALENTS**

	<u>Carrying Amount</u>
Petty Cash	\$ 250
Bank Deposits (Checking and Savings Accounts, Certificates of Deposit)	5,823,052
MI Class Funds	182,997
Total Cash and Equivalents	<u>\$ 6,006,299</u>

Road Commission resolutions require investments for pension benefits in the amount of \$1,627,958 to be restricted. Pension investments are held by The Standard in individual participant accounts not in the name of the Road Commission. Cash is designated in the amount of \$13,004 for pension benefits as well.

At year end, the Road Commission’s road fund and fiduciary fund had the following investments at fair value:

<u>Investments</u>	<u>Fair Value</u>	<u>Concentration</u>	<u>Rating</u>
Road Fund:			
MI Class Funds	\$ <u>182,997</u>	100%	Not assigned
Fiduciary Fund:			
Mutual Funds – less than 1 year	\$ 342,854	20%	Unrated
Mutual Funds – less than 1 year	804,197	50%	5 Star *
Mutual Funds – less than 1 year	216,120	14%	4 Star *
Mutual Funds – less than 1 year	264,788	16%	3 Star *
	<u>\$ 1,627,959</u>		

*Interest rate risk.* The Road Commission does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit risk.* State law limits investments in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations. The Road Commission has no investment policy that would further limit its investment choices.

**NOTE 3 - CASH AND EQUIVALENTS (Continued)**

\*The Morningstar risk rating is a ranking given to publicly traded mutual funds and exchange-traded funds (ETF)s by the investment research firm Morningstar. The ratings range from one to five stars, with one being the poorest rank and five being the best. Morningstar's risk ratings, also called star ratings.

*Custodial credit risk.* Investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the Road Commission will not be able to recover the value of its investments or securities that are in the possession of an outside party. Of the Road Commission’s \$1,627,959 of investments, \$1,627,959 is not in the name of the Road Commission, but in the name of the agent or Alcona County. Investing activities are performed in accordance with the County of Alcona’s investment policy. Credit quality ratings of public money funds were not available from the financial institutions or are unrated.

*Custodial deposit credit risk.* Custodial deposit credit risk is the risk that in the event of a bank failure, the Commission’s deposits may not be returned. State law does not require and the Road Commission does not have a policy for deposit custodial credit risk. As of year end, \$5,879,456 of the Road Commission’s bank balance of \$6,162,111 was exposed to credit risk because it was uninsured and uncollateralized.

*Fair value measurement.* The Road Commission categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or equivalent) as a practical expedient are not classified in the fair value hierarchy.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Road Commission’s assessment of the significance of particular inputs to these fair value measurements required judgment and considers factors specific to each asset or liability.

The Commission has the following fair value measurements as of December 31, 2021:

Held by Pension Trustee:

Investment	Fair Value Balances at 12/31/2021	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Securities:				
Money Markets	\$ 342,854	\$ -	\$ 342,854	\$ -
Bonds	422,625	-	422,625	-
Mutual Funds	<u>862,480</u>	-	<u>862,480</u>	-
Total Investments	<u>\$ 1,627,959</u>	<u>\$ -</u>	<u>\$ 1,627,959</u>	<u>\$ -</u>

**NOTE 3 - CASH AND EQUIVALENTS (Continued)**Statutory Authority:

An act (PA 152) to amend 1943 PA 20, entitled “An act relative to the investment of funds of public corporations of the state; and to validate certain investments,” by amending section 1 (MCL 129.91), as amended by 2009 PA 21.

Except as provided in section 5, the governing body by resolution may authorize its investment officer to invest the funds of that public corporation in one or more of the following:

- a. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, or depository receipts of a financial institution, but only if the financial institution complies with subsection (2); certificates of deposit obtained through a financial institution as provided in subsection (5); or deposit accounts of a financial institution as provided in subsection (6).
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and matures not more than 270 days after the date of purchase.
- d. Repurchase agreements consisting of instruments listed in subdivision (a).
- e. Bankers’ acceptances of United States banks.
- f. Obligations of this state or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- g. Mutual funds registered under the investment company act of 1940, 15 USC 80a-1 to 80a-64, with authority to purchase only investment vehicles that are legal for direct investment by a public corporation. However, a mutual fund is not disqualified as a permissible investment solely by reason of any of the following:
  - (i) The purchase of securities on a when-issued or delayed delivery basis.
  - (ii) The ability to lend portfolio securities as long as the mutual fund receives collateral at all times equal to at least 100% of the value of the securities loaned.
  - (iii) The limited ability to borrow and pledge a like portion of the portfolio’s assets for temporary or emergency purposes.
- h. Obligations described in subdivisions (a) through (g) if purchased through an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.
- i. Investment pools organized under the surplus funds investment pool act, 1982 PA 367, MCL 129.111 to 129.118.
- j. The investment pools organized under the local government investment pool act, 1985 PA 121, MCL 129.141 to 129.150.

The Road Commission has adopted the County’s investment policy, which is in accordance with the provisions of Public Act 196 of 1997.

**NOTE 4 - CAPITAL ASSETS**

Capital asset activity of the Alcona County Road Commission for the current year was as follows:

	<u>Beginning Balances</u>	<u>Additions</u>	<u>Adjustments/ Deductions</u>	<u>Ending Balances</u>
<i>Capital Assets Not Being Depreciated</i>				
Land	\$ 91,689	\$ -	\$ -	\$ 91,689
Land Improvements - Infrastructure	<u>8,249,465</u>	<u>116,905</u>	<u>-</u>	<u>8,366,370</u>
Subtotal	<u>8,341,154</u>	<u>116,905</u>	<u>-</u>	<u>8,458,059</u>
<i>Capital Assets Being Depreciated</i>				
Land Improvements	65,691	-	-	65,691
Buildings	2,511,145	59,383	-	2,570,528
Road Equipment	7,577,495	874,699	236,577	8,215,617
Shop Equipment	123,555	-	-	123,555
Office Equipment	58,681	-	-	58,681
Engineers' Equipment	5,399	-	-	5,399
Depletable	95,995	-	-	95,995
Infrastructure - Bridges	3,906,315	77,183	-	3,983,498
Infrastructure - Roads	<u>17,856,906</u>	<u>3,539,747</u>	<u>637,737</u>	<u>20,758,916</u>
Subtotal	<u>32,201,182</u>	<u>4,551,012</u>	<u>874,314</u>	<u>35,877,880</u>
<i>Less Accumulated Depreciation</i>				
Land Improvements	65,691	-	-	65,691
Buildings	692,766	71,112	-	763,878
Road Equipment	5,749,106	804,537	231,523	6,322,120
Shop Equipment	68,002	10,858	-	78,860
Office Equipment	43,526	2,747	-	46,273
Engineers' Equipment	5,399	-	-	5,399
Depletable	95,995	-	-	95,995
Infrastructure - Bridges	1,683,329	129,657	-	1,812,986
Infrastructure - Roads	<u>5,421,104</u>	<u>1,362,635</u>	<u>637,737</u>	<u>6,146,002</u>
Subtotal	<u>13,824,918</u>	<u>2,381,546</u>	<u>869,260</u>	<u>15,337,204</u>
Net Capital Assets Being Depreciated	<u>18,376,264</u>	<u>2,169,466</u>	<u>(5,054)</u>	<u>20,540,676</u>
Total Net Capital Assets	<u>\$ 26,717,418</u>	<u>\$ 2,286,371</u>	<u>\$ (5,054)</u>	<u>\$ 28,998,735</u>

Depreciation expense is charged to operations of the Alcona County Road Commission as follows:

Depreciation - Unallocated	\$ 1,492,292
Net Equipment Expense	804,537
Net Administrative	2,747
Allocated	<u>81,970</u>
Total Depreciation Expense	<u>\$ 2,381,546</u>

**NOTE 5 - DEFERRED COMPENSATION PLAN**

The Alcona County Road Commission offers all its employees a deferred compensation plan created in accordance with the Internal Revenue Code, Section 457. The assets of the plans were held in trust, (custodial account or annuity contract) as described in IRC Section 457 (g) for the exclusive benefit of the participants (employees) and their beneficiaries. The custodian thereof for the exclusive benefit of the participants holds the custodial account for the beneficiaries of this Section 457 plan, and the assets may not be diverted to any other use. The administrators are agents of the employer (Alcona County Road Commission) for the purposes of providing direction to the custodian of the custodial account from time to time for the investment of the funds held in the account, transfer of assets to or from the account and all other matters. In accordance with the provisions of GASB Statement No. 32, plan balances and activities are not reflected in the Alcona County Road Commission's financial statements.

**NOTE 6 - DEFINED CONTRIBUTION PENSION PLAN**

The Alcona County Road Commission contributes to the Alcona County Road Commission Retirement Plan, which is a defined contribution pension plan, fully funded through the Standard. The Board of Road Commissioners is the trustee of the plan and therefore the activity of the plan is presented as a pension trust fund.

A defined contribution pension plan provides pension benefits in return for services rendered, provides an individual account for each participant, and specifies how contributions to the individual's account are to be determined instead of specifying the amount of benefits the individual is to receive. Under a defined contribution pension plan, the benefits a participant will receive depend solely on the amount contributed to the participant's account, the returns earned on investments of those contributions, and forfeitures of other participant's benefits that may be allocated to such participant's account. Contributions made by the Road Commission are vested at 100% immediately. The Road Commission is required to contribute an amount equal to 7% of the employee's gross earnings. Employees are not required to make contributions. The Road Commission made contributions in 2021 totaling \$80,454 based on employee wages of approximately \$877,790. There are currently 24 employees included in the plan.

The Alcona County Road Commission Retirement Plan held no securities in or loans to parties related to the plan. The financial information for the pension plan was available through The Standard's annual statement as of December 31, 2021 for presentation in the basic financial statements.

**NOTE 7 - FEDERAL GRANTS**

The Michigan Department of Transportation (MDOT) requires that all road commissions report all federal and state grants pertaining to their county. During the year ended December 31, 2021, the federal aid received and expended by the Road Commission was \$325,973 for contracted projects. Contracted projects are defined as projects performed by private contractors paid for and administrated by MDOT (included in MDOT's single audit). Local federal force account projects are projects where the road commission performs the work and would be subject to single audit requirements if they expended \$750,000 or more in federal funds, amounted to \$0.

**NOTE 8 - LONG-TERM DEBT**

The follow is a summary of pertinent information concerning the County Road Commission’s long-term debt.

	<u>Beginning Balances</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balances</u>	<u>Due Within One Year</u>
Installment payable to Finance Company, 5.95% interest rate, payable in monthly installments of \$2,632, secured by equipment.	\$ 257,910	\$ -	\$ 16,689	\$ 241,221	\$ 17,709
Installment payable to Finance Company, 5.95% interest rate, payable in monthly installments of \$2,632, secured by equipment.	259,256	-	16,606	242,650	17,622
Vested Employee Benefits (1)	<u>178,118</u>	<u>110,464</u>	<u>-</u>	<u>288,582</u>	<u>-</u>
<b>TOTAL</b>	<u>\$ 695,284</u>	<u>\$ 110,464</u>	<u>\$ 33,295</u>	<u>\$ 772,453</u>	<u>\$ 35,331</u>

The employee policies regarding the accumulation and payment of vested employee benefits are as follows:

Vacation – Maximum carry-forward is 10 days each year. Unused vacation pay will be paid at current rates at date of employment separation. \$34,255 was accrued at year end and recorded as a liability.

Sick Leave – A maximum of 114 days can be accumulated for all employees hired before April 1, 2013 and all employees hired after can accumulate 75 days. Unused sick leave will be paid at current rates at date of separation to 75% upon retirement for employees hired before April 1, 2013, employees hired after will receive 50% of their sick level balance. All employees will receive 50% upon death, and 50% upon separation with 10 years seniority, or 25% with less than 10 years of service, 100% will be paid in the case of a permanent layoff. \$254,327 was accrued at year end.

(1) The change in vested employee benefits is shown as a net increase.

Annual debt service requirements for the installments are as follows:

	<u>Principal</u>	<u>Interest</u>
2022	\$ 35,331	\$ 27,837
2023	37,491	25,677
2024	39,784	23,384
2025	204,032	19,302
2026	<u>167,233</u>	<u>1,663</u>
<b>Total</b>	<u>\$ 483,871</u>	<u>\$ 97,863</u>

**NOTE 9 - COMMITMENTS AND CONTINGENCIES**

Grants - The Commission has received significant financial assistance from state and federal agencies in the form of various grants for specific projects, purposes and maintenance. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant or maintenance agreement and are subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the applicable fund of the Commission. In the opinion of management, any such disallowed claims would not have a material effect on any of the financial statements included herein or on the overall financial position of the Commission at December 31, 2021.

Risk Management - The Road Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Road Commission was unable to obtain general liability insurance at a cost it considered to be economically justifiable. The Road Commission joined together with other Road Commissions and created a public entity risk pool currently operating as a common risk management and insurance program. The Road Commission pays an annual premium to the pool for its general insurance coverage. The agreement provides that the pool will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$1,000 for each insured event. The pooling agreement allows for the pool to make additional assessments to make the pool self-sustaining. The Road Commission is unable to provide an estimate of the amounts of additional assessments.

Environmental Remediation – The Road Commission has implemented environmental impact evaluation procedures at its Lincoln, Michigan location. The cost estimated of any environmental remediation is not determinable at this time. Ongoing monitoring of any existing contamination has been implemented and the source of contamination has been removed from the site. Future potential liabilities, if any, are undeterminable as of the opinion date.

**NOTE 10 - DEFINED BENEFIT PENSION PLAN**

The Road Commission established a defined benefit pension plan that provides for a payment of \$1,500 per year for employees that retiree from the Road Commission and meeting the specified eligibility requirements. The annual benefit is payable to the retiree for three (3) years or until age 65; whichever occurs first.

Certain information contained in the note is based on information for the Defined Benefit Plan measured as of January 1, 2020, which is the most recent valuation date for which complete information related to the year ended December 31 2021 is available.

*Fiduciary Investment and Control:* The plan is unfunded. Benefits are paid to retirees annually.

*Participants Covered by the Benefit Terms:* The following participants were covered by the benefit terms:

Inactive participants currently receiving benefit payments	3
Inactive participants entitled to but not yet receiving benefit payments	-
Active participants	<u>21</u>
Total	<u><u>24</u></u>

*Contributions:* Benefits are paid annually to the retirees.

**NOTE 10 - DEFINED BENEFIT PENSION PLAN (Continued)**

*Measurement of Total Pension Liability:* The total pension liability at the December 31, 2020 measurement date was determined using an actuarial valuation as of January 1, 2020.

*Actuarial Assumptions:* The total pension liability in the January 1, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method:	Entry Age Normal, as a percent of Salary
Inflation:	N/A
Salary Scale:	2.00%
Mortality rates were based on:	SOA RP-2014 Total Dataset Mortality with Scale MP-2020 (Base Rate 2006)

As prescribed by GASB No. 73, the discount rate will be based on the index rate for 20-year tax-exempt general obligation municipal bond index rate with an average rating of AA/Aa or higher as of the measurement date. To comply with this provision, *the Bond Buyer 20-Bond General Obligation Index* will be used. The discount rate of 2.12% is the January 1, 2020 value of this index.

*Changes in the Net Pension Liability:* The following table presents the changes in the net pension liability during the fiscal year, by source.

	<b>Increases (Decreases)</b>		
	<b>Total Pension Liability</b>	<b>Plan Fiduciary Net Position</b>	<b>Net Pension Liability</b>
<b>Balances at December 31, 2020</b>	\$ 31,815	\$ -	\$ 31,815
Service cost	1,362	-	1,362
Interest on total pension liability	612	-	612
Difference between expected and actual experience	-	-	-
Changes in assumptions	-	-	-
Employer contributions	-	13,000	(13,000)
Net investment income	-	4	(4)
Benefit payments, including employee refunds	(5,923)	-	(5,923)
<b>Net changes</b>	<b>(3,949)</b>	<b>13,004</b>	<b>(16,953)</b>
<b>Balances as of December 31, 2021</b>	<b>\$ 27,866</b>	<b>\$ 13,004</b>	<b>\$ 14,862</b>

*Sensitivity of the Total Pension Liability to Changes in the Discount Rate:* The following presents the total pension liability of the Road Commission as of the December 31, 2021 measurement date, calculated using the discount rate of -2.12%, as well as what the Road Commission’s total pension liability would be if it were not calculated using a discount rate that is one percentage point lower (1.12%) or one percentage point higher (3.12%) than the current rate:

Period	1% Decrease	Current	1% Increase
Total Pension Liability, December 31, 2021	\$ 29,129	\$ 27,866	\$ 26,654

**NOTE 10 - DEFINED BENEFIT PENSION PLAN**

*Pension Expense and Deferred Outflows / (Inflows) of Resources Related to Pension:* For the year ended December 31, 2021, the Road Commission recognized pension expense of \$3,485.

Service Cost	\$	1,362
Interest on Total Pension Liability		612
Amortization of Deferred Charges:		
Difference Between Actual and Expected Experience		1,301
Changes in Assumptions		<u>210</u>
Net Plan Expense	<u>\$</u>	<u>3,485</u>

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference Between Actual and Expected Experience	\$ 6,256	\$ -
Changes in Assumptions	<u>2,379</u>	<u>1,462</u>
Total	<u>\$ 8,635</u>	<u>\$ 1,462</u>

Amounts reported as deferred inflows of resources related to the pension will be recognized in pension expense as presented below:

<u>December 31</u>	<u>Amortization</u>
2022	\$ 1,511
2023	1,511
2024	1,511
2025	1,511
2026	1,129

**NOTE 11 - SUBSEQUENT EVENT**

During March of 2022, the Board authorized the purchase of Trucks and Equipment for approximately \$98,000.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

Board of County Road Commissioners  
Alcona County Road Commission  
301 N. Lake Street  
Lincoln, Michigan 48742

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, major fund and aggregate remaining fund information of the Alcona County Road Commission (a component unit of Alcona County, Michigan), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Alcona County Road Commission's basic financial statements and have issued our report thereon dated April 13, 2022.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Alcona County Road Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Alcona County Road Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Alcona County Road Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2021-001 and 2021-002 that we consider to be significant deficiencies.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Alcona County Road Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2021-002.

### **Alcona County Road Commission's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Alcona County Road Commission's responses to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Alcona County Road Commission's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

April 13, 2022

*Internal Control Over Financial Statements – Significant Deficiencies*

**Segregation of Duties**

*Finding 2021-001*

*Condition/Criteria:* The Clerk performs several functions of receipting, inventory posting, inventory, purchasing, disbursing, and posting to the general ledger. To provide a system of checks and balances, these functions are generally assigned to separate positions to minimize the potential for unauthorized transactions.

*Effect:* Lack of segregation of duties provides opportunities for inaccurate or unauthorized disbursements or transfers from road funds and increases the potential for inaccurate reporting of account activity.

*Cause:* Sufficient resources and staff are not available to adequately segregate these functions. Additionally, the benefit of separating these duties does not appear to exceed the costs associated with the added personnel.

*Recommendation:* The Board should be aware of the potential weaknesses in the system and provide appropriate oversight or assistance to personnel when cost beneficial.

*Planned Corrective Action:* The Board has implemented compensating controls to reduce the risks discussed above.

- Contact Person Responsible for Correction:  
Jessie Campbell, Manager

*Significant Deficiency – Noncompliance with State Statutes*

*Expenditures in Excess of Appropriations—Budgetary Funds*

*Finding 2021-002*

*Criteria:* The expenditures of funds in excess of appropriations are contrary to the provisions of Section 16 of Public Act 2 of 1968, as amended.

*Condition:* Our examination of procedures used by the Road Commission to adopt and maintain operating budgets for the Road Commission’s budgetary fund revealed the following instances of noncompliance with the provisions of Public Act 2 of 1968, as amended, the Uniform Budget and Accounting Act.

The Road Commission’s 2021 General Appropriations Act (budget) provided for expenditures of the General Fund to be controlled to the activity level. As detailed, actual 2021 expenditures exceeded the board’s approved budget allocations for some general fund activities.

During the fiscal year ended December 31, 2021, expenditures were incurred in excess of amounts appropriated in the amended budgets for the General Fund as listed on page 33 of the financial statements.

*Effect:* Condition’s violate State Statutes.

*Cause:* Unknown.

*Recommendation:* We recommend that the Road Commission’s chief administrative officer and personnel responsible for administering the activities of the various funds of the Road Commission, develop budgetary control procedures for the General Fund which will assure that expenditures do not exceed amounts authorized in the General Appropriations Act, or amendments thereof.

*Planned Corrective Action:* Amounts will be maintained in the future.

**COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE**

Members of the Board of County Road Commissioners  
Alcona County Road Commission  
301 N. Lake Street  
Lincoln, MI 48742

We have audited the financial statements of the governmental activities, major fund, and the aggregate remaining fund information of the Alcona County Road Commission for the year ended December 31, 2021, and have issued our reports thereon dated April 13, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted accounting standards and Government Auditing Standards, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

**Our Responsibility under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards***

As stated in our engagement letter dated February 17, 2022, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we considered the internal control of the Alcona County Road Commission. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Alcona County Road Commission's compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to the management's discussion and analysis and budgetary comparison schedules, which supplement the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

We have been engaged to report on the individual schedules, which accompany the financial statements but are not RSI. Our responsibility for this other information, as described by professional standards, is to evaluate the presentation of the other information in relation to the financial statements as a whole and to report on whether the other information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### **Planned Scope and Timing of the Audit**

We performed the audit according to the planned scope and timing previously communicated to you in our communication about planning matters dated March 29, 2022.

### **Significant Audit Findings**

#### ***Qualitative Aspects of Accounting Practices***

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Alcona County Road Commission are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year. We noted no transactions entered into by the Road Commission during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Management's estimate of depreciation expense is based on estimated lives. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.
- Vested Employee Benefits are based on management's estimates of hours and current wage rates which may not be in effect at the date of separation.
- Management's estimate of the actuarially calculated pension cost for the Pension Plan and net pension liability was based on actuarial assumptions and estimates.

The financial statement disclosures are neutral, consistent and clear.

### **Difficulties Encountered in Performing the Audit**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

### **Corrected and Uncorrected Misstatements**

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. A copy of any adjustments is available from management.

### **Disagreement with Management**

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### **Management Representations**

We have requested certain representations from management that are included in the management representation letter dated April 13, 2022.

### **Management Consultations with Other Independent Accountants**

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### **Other Audit findings or Issues**

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### **Comments and Recommendations**

#### **Check Review (Prior)**

Cancelled checks require only one signature by board procedure. To avoid potential conflicts and to strengthen the review process of cancelled checks, checks should be reviewed randomly to assure proper payment, by individuals who are not signatories or the Board could implement a dual signature requirement.

Status: Unchanged.

#### **Prepaid Items (Prior)**

Generally, health insurance and the self insurance liability premiums are paid in advance and benefit future periods. The Board should record the future amounts as a "prepaid item" in the general ledger to match costs to the proper period.

Status: Unchanged.

### **Public Act 202 of 2017 (Prior)**

Public Act 202 of 2017 required local units of government with employee defined benefit pension plans to provide adequate funding. The Road Commission established a payment program which is not adequately funded at 60% of the actuarially determined total liability. The Road Commission is not in compliance with the statute and must receive an approved waiver from the Michigan Department of Treasury or adequately fund this plan. A trust should be established as well.

Status: Corrected.

### **Uniform Accounting Procedures Manual for County Road Commissions 2022**

In January 2022, the Michigan Department of Treasury, issued a revised “Uniform Accounting Procedures Manual for County Road Commissions.” The provisions in the manual are effective for fiscal years ending on September 30, 2023 and thereafter. The manual contains significant changes including implementation of new governmental accounting standards and financial reporting requirements. The board and management should review the provisions included in the revised document and apply those requirements as applicable. The document is available online at treasury’s website.

### **Uniform Chart of Accounts**

In April 2017, the State released an updated Uniform Chart of Accounts. On April 20, 2020, the Michigan Department of Treasury issued a memo that established an implementation date for fiscal years ending on October 31, 2022 and thereafter. A final release of the chart of accounts was issued in November 2020 and is available at this link: [http://www.michigan.gov/documents/uniformchart\\_24524\\_7.pdf](http://www.michigan.gov/documents/uniformchart_24524_7.pdf). This final version follows statutory changes and reformats the document to make it more user-friendly. Treasury will provide alerts for any guidance and resources, and local units can sign up for alerts at this link:

[https://public.govdelivery.com/accounts/MITREAS/subscriber/new?qsp+MITREAS\\_1](https://public.govdelivery.com/accounts/MITREAS/subscriber/new?qsp+MITREAS_1).

### **Upcoming Accounting Standards**

The following pronouncements of the Governmental Accounting Standards Board (GASB) have been released recently and may be applicable to the Road Commission in the near future. We encourage management to review the following information and determine which standard(s) may be applicable to the Road Commission. For the complete text of these and other GASB standards, visit [www.gasb.org](http://www.gasb.org). If you have questions regarding the applicability, timing, or implementation, please contact us.

### **GASB 87 – Single Approach for Reporting Leases (Prior Year)**

The Governmental Accounting Standards Board (GASB) issued guidance that establishes a single approach to accounting for and reporting leases by state and local governments. The single approach is based on the principle that leases are financing of the right to use an underlying asset.

GASB Statement No. 87, *Leases*, provides guidance for lease contracts for nonfinancial assets – including vehicles heavy equipment, and buildings – but excludes nonexchange transactions, including donated assets, and leases of intangible assets.

Under the new Statement a lessee government is required to recognize (1) a lease liability and (2) an intangible asset representing the lessee’s right to use the leased asset. A lessor government is required to recognize (1) a lease receivable and (2) a deferred inflow of resources. A lessor will continue to report the leased asset in its financial statements.

### **GASB 87 – Single Approach for Reporting Leases (Prior Year) (Continued)**

A lease also will report the following in its financial statements:

- Amortization expense for using the lease asset (similar to depreciation) over the shorter of the term of the lease or the useful life of the underlying asset.
- Interest expense on the lease liability.
- Note disclosures about the lease, including a general description of the leasing arrangement, the amount of the lease assets recognized, and a schedule of future lease payments to be made.

Limited exceptions to the single-approach guidance are provided for:

- Short-term leases, defined as lasting a maximum of 12 months at inception, including any options to extend.
- Financial purchases.
- Certain regulated leases, such as between municipal airports and air carriers.

The full text of Statement 87 is available on the GASB website, [www.gasb.org](http://www.gasb.org).

### ***GASB Statement No. 95 – Postponement of the Effective Dates of Certain Authoritative Guidance***

This new pronouncement was adopted in May 2020 and is effective immediately. This statement postpones the effective dates of the following pronouncements and implementation guides by one year:

- Statement No. 83, *Certain Assets Retirement Obligations*
- Statement No. 84, *Fiduciary Activities*
- Statement No. 88, *Certain Disclosures Related to Debt*
- Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*
- Statement No. 90, *Majority Equity Interests*
- Statement No. 91, *Conduit Debt Obligations*
- Statement No. 92, *Omnibus 2020*
- Statement No. 93, *Replacement of Interbank Offered Rates*
- Implementation Guide No. 2017-3, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting)*
- Implementation Guide No. 2018-1, *Implementation Guidance Update – 2018*
- Implementation Guide No. 2020-1, *Implementation Guidance Update – 2020*
- Implementation Guide No. 2020-2, *Fiduciary Activities*

The effective dates of the following pronouncement and implementation guide are postponed by 18 months:

- Statement No. 87, *Leases*
- Implementation Guide No. 2020-3, *Leases*

***GASB Statement No. 96 – Subscription based Information Technology Arrangements***

In May 2020, GASB issued Statement No. 96, *Subscription based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) established that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The Road Commission is currently evaluating the impact this standard will have on the financial statements when adopted during the 2022-2023 fiscal year.

***GASB Statement No. 97 – Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans***

This standard had certain aspects impacting defined contribution pension and OPEB plans and other employee benefit plans that were effective immediately. It also clarifies when a 457 plan should be considered a pension plan or another employee benefit plan to assist in the application of GASB Statement No. 84 to these types of plans. The Road Commission is currently evaluating the impact this standard will have on the financial statements when adopted. The provisions of the statement that relate to 457 plans are effective for the Road Commission's financial statements for the year ending March 31, 2023.

**Other Matters**

We applied certain limited procedures to the management's discussion and analysis and budgetary comparison schedules, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquires of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and our knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the individual schedules, which accompany the financial statements but are not RSI. With respect to this other information, we made certain inquires of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the other information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

**Conclusion**

We would like to express our appreciation, as well as that of our staff for the excellent cooperation we received while performing the audit. If we can be of assistance, please contact us.

This information is intended solely for the use of the Alcona County Road Commission, the cognizant audit agencies and other federal and state agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
